Well, let us skip the boring foreplay I'm slidin' right in
This girl over my house who had to be about 19
Ass, hoes in my poster
She's sweatin' although she tried to hold her
composure
I hoped she'd take it in the ass and suck dick
(Girl) My my what a nice apartment you got Rick
On her knees about to make her fall
(Girl) "All platinum and gold jammies hangin' on the
wall too,
you got it goin' on"
Now my mouth start foamin'
The lights dim we're kissin' and my hands start roamin'
in her drawers
(Girl) Stop!
Knew she was joking
cause I ain't even fuck her and her pussy was soaking
WET!
Already had her tit out
If I play my cards right, fuck her dig in the hole she shit
out
(Girl) Rick I gotta go my girls waitin'
She recaps finally when honey drawers down to her
kneecaps
Breathed heavy all mushy bitch
Swore up and down I was gonna fuck her in the pussy
Since friends waitin' on subtle
Bout time to make a move upon the hungry little
butthole
Meanwhile she acted quite passive
lickin' the hun neck while she lotionin' that ass with jelly
Tit hung out the frame nigga loco
Surprised honey didn't put up too much of a struggle,
at first
Sinkin' in she ain't know how to be the bitch went
(Girl) ahh Rick it hurts take it out of me!
Knocked my magazine down, bitch threw my papers
You wanna keep it down I mean I do have neighbors!
Squirmin' away although the table was barrin' her

Felt real good my dick was sunk so far in her
She said it felt like a bull dowser barrin her
Sqealin about she couldn't take it anymore in her
My cummed on her straight in the perm in her, (here)
As I drained every last drop of sperm in her (where)

Chorus:

So girls when we kiss and we cuddle, ain't no way to
put it subtle
when I want the butt hole!
(Moaning in back round)

Another girl I met, her experience fast because
Most girls wit kids don't be hit in they ass before
Picked her up sunset
(Girl) Don't be late for dinner, ma
Bringin' honey home from the date at the cinema
Thinkin' how to fuck the ass so plottin',
blown in the elevator, hit the stop button
She smiled, by knowin' her butt I wanna bore
I said "Can I have a kiss now instead of in front of your
front door"
(kissing/sex in the back round) (Uhhhhmmm!! Oh yeah!)
Although the rule I tried not to push hard,
I'm all over the bitch like an octopus
Deep down I know she also wanna fuck
Though I kept my tounge in her mouth so not to put her
on the spot
To have to talk no shit to prevent me from bonin'
Unzap the bra, when the hooker start moanin and
Expose my espresso suck on her and lick on her
Unbucklin' pullin' out mad long dick on her
Panties in the way of that, but I want to check it out
Slipped her wet drawers down her thigh and took her
leg out
Her butt was juicy kinda fat,
spun around start to stick her in the pussy from the
back
She came, mad juice dripped out,
still in the pussy then acted like it slipped out
Cum on the floor, She said "Pardon the puddle"
Spread open her cheeks, pushed hard in her butt hole
Uhhhhmmm, wasn't a bad date at all, she went AHHHH
AHHHH
Start pullin' at my balls while I'm still penetratin'
Felt fantastic, she said
(Girl) "Rick I'm not really into this ass kick"
Meanwhile Rick cummin' by the gallon,
put your hands on the wall please
And try an' keep your balance

Lickin' the grill in her, meanwhile fillin' her
Till sperm start pourin' out her butt hole while I'm still in
her
Then start rammin' the pine in her
I almost picked her up with these final grinds in her

Chorus:

So girls when we kiss and we cuddle,
aint no way to put it subtle when I want the butthole!

(Moaning)

Girl: My ass, more, more, more!
