Here I am again and I've been waiting
I took my time and now I'm contemplating what to say
to you, I don't know what to do
As you stand there my heart it starts to tear
The smell of coffee lingers in the air
I dress to impress cause these words won't do

We'll make a wish upon this star
We'll call the other ones what's yours is ours
We'll make a wish upon this star

I'm down on my knees and I'll ask you to dance
Hold my hand and just take a chance
And this could be our parking lot romance
I'll jump in the car and I just can't wait
This is the best yes, the best first date, I've ever had
I've ever had

But tell me why I can't hold this in
It takes control and I can't explain it
I've been feeling alone and frustrated for the night
I showed up at your house just around eight
What way to start our first date
I was late and there's no more room for excuses

We'll make a wish upon this star
We'll call the other ones what's yours is ours
We'll make a wish upon this star

I'm down on my knees and I'll ask you to dance
Hold my hand and just take a chance
And this could be our parking lot romance
I'll jump in the car and I just can't wait
This is the best yes, the best first date, I've ever had
I've ever had

Hey girl, remember all those things you said?
Hey girl, do you remember my name?
Now I'm gone
I'm gone

I'm down on my knees and I'll ask you to dance
Hold my hand and just take a chance
And this could be our parking lot romance
I'll jump in the car and I just can't wait
This is the best yes, the best first date, I've ever had
I've ever had
