She'll take a chance on this boy
Missiles launched and she's deployed her plan to
understand him now
And she don't know where he's been
But she'll find a reason
To let a love pass her by again

And don't say it didn't mean a thing
After all those silly songs I'm singing
No, you've blown your thoughts to shore

It's the moment we live for
Don't let it slip out the back door
Don't let life pass you by
And your heart's saying "yeah, let's go"
But your mind's saying "oh no"
Don't let love die tonight
Cause she's not alright

She's like a wine that's fine with age
But she can't find it in her heart to change the way she
feels about me now
And like a star that's far away
I took the fall and she's to blame
My heart is tangled in her now

And don't say it didn't mean a thing
After all those silly songs I'm singing
No, you've blown your thoughts to shore

It's the moment we live for
Don't let it slip out the back door
Don't let life pass you by
And your heart's saying "yeah, let's go"
But your mind's saying "oh no"
Don't let love die tonight
Cause she's not alright

It's the moment we live for
Don't let it slip out the back door
Don't let life pass you by

And your heart's saying "yeah, let's go"
But your mind's saying "oh no"
Don't let love die tonight
Cause she's not alright
