Welcome to my dreamiest nightmare  
When you're so close but you never get there  
There's still some things you need to say to me  
Because my love, you're my farthest destiny

I never thought I'd say this again  
Three words that you never said  
The one phrase that breaks a heart in two  
'Cause angel, I love you

If I could turn the clock again  
It's the same three words I wish I never said  
The phrase that breaks a heart in two  
'Cause angel, I love you

Angel, you're the closest thing  
That I've wanted most but you still can't see  
I say five vowels and three syllables  
They're unnoticed, and you're so dreamable

I never thought I'd say this again  
Three words that you never said  
The one phrase that breaks a heart in two  
'Cause angel, I love you

If I could turn the clock again  
It's the same three words I wish I never said  
The phrase that breaks a heart in two  
'Cause angel, I love you

If I could turn the clock again  
It's the same three words I wish I never said  
The phrase that breaks a heart in two  
'Cause angel, I love you

If I could turn the clock again  
It's the same three words I wish I never said  
The phrase that breaks a heart in two  
'Cause angel, I love you

Angel, you were the closest thing  
That I've wanted
