Yeah, yeah, yeah, yeah

Wipe down the combination to your heart  
Lost spinning round and round to watch it come apart  
I know the things you say and what you do  
Are all spinning one four three times to open the heart  
from you

I know you want to go to bed when I wake up  
I know you want the window open when I want it shut  
I know you want to leave when I would love to stay  
I know you want to be different from me in every way

The things that I can't stand  
The things you always do  
The thing that hurts the most  
Is that I can't have you  
The finger tips, the long blonde hair, the tight blue  
jeans you always wear  
I miss it so, I miss it so  
I miss you, yes I do

If it heals, you're so far away  
But even in the distance, your smile never fades  
If it heals, you're so far away  
But even in the distance, your smile never fades

The things that I can't stand  
The things you always do  
The thing that hurts the most  
Is that I can't have you  
The finger tips, the long blonde hair, the tight blue  
jeans you always wear  
I miss it so, I miss it so  
I miss you, yes I do

Well we would laugh  
And we would smile  
We would dance and we would try to  
I was real, and you were fake  
Just remember with me for goodness sake  
I was always honest, and I was always faithful

But I guess it wasn't enough for you
