Feels so real

And my mind won't let go

Feels so real

And my mind won't let go

It is a night I won't forget

The kind you dream of

Sweet candlelight, the mood is set

I'm ready for love

Your kiss, your sweet embrace

I'll never be the same

Are you my dream come true

You just thrilled me so, won't let go

Feels so real

And my mind won't let go (Is this my dream come true)

It feels so real

And my mind won't let go

Feels so real

And my mind won't let go (No matter what I do)

It feels so real

And my mind won't let go

So close to you and yet so far

It tears me apart

I wish you knew my happiness

Is there where you are

For you I'll be true

And it will be the same

We kiss and on like this

Love will surely grow, don't let it go

Feels so real

And my mind won't let go (Is this a dream come true)

It feels so real

And my mind won't let go (No matter what I do)

It feels so real

And my mind won't let go (Whoa, whoa)

Feels so real

And my mind won't let go (No matter what I do)

Givin' love, just the two of us

Makin' love

Does it seem that love is just a dream

Give it up

Givin' love, just the two of us

Makin' love (Feels so real)

Does it seem that love is just a dream

Give it up (My love is comin' on strong)

Feels so real

And my mind won't let go (Is my love for you)

Feels so real

And my mind won't let go (Is this a dream come true)

It feels so real

And my mind won't let go (Whoa, whoa)

Feels so real

And my mind won't let go

Feels so real

No matter what I do, it feels so real, so real, so real

Feels so real

And my mind won't let go

Givin' love, just the two of us

Makin' love (Feels so real)

Does it seem that love is just a dream

Give it up (My love is comin' on strong)

Feels so real

And my mind won't let go (Oh... oh... oh... oh... yeah)

Feels so real

And my mind won't let go (Is this my dream come true)

It feels so real

And my mind won't let go (No matter what I do is this a dream come true)

It feels so real

And my mind won't let go (Oh... ho... oh...)

Feels so real

And my mind won't let go (Whoa... oh... ho... ho... yeah)

Feels so real

And my mind won't let go (No matter what I do)

It feels so real (So real)

And my mind won't let go
