(duo avec James Taylor)

(James Taylor)

Do me wrong, do me right

Tell me lies but hold me tight

Save your goodbyes for the morning light

But don't let me be lonely tonight

Say goodbye and say hello

Sure enough it's good to see you and it's time to go

Don't say yes but please don't say no

I don't want to be lonely tonight

Go away and damn you

Go and go as you please

You ain't gonna see me getting down on my knees

Just about undecided and your heart's been divided

It's been turning my world upside down

Do me wrong, do me right

Tell me lies but hold me tight

Save your goodbyes for the morning light

But don't let me be lonely tonight

Go away, go away, go away then damn you

And do as you please

Darling you ain't gonna see me getting down on my
knees

I'm undecided and your heart's been divided

It's been turning my world upside down

So do me wrong, do me right

Tell me lies but hold me tight

Save your goodbyes for the morning light

But don't let me be lonely tonight

Please don't let me lonely tonight

Do what you've gotta do

Go wwhere you've gotta go

Follow your heart my darling

But before you go

I want you to know

Please don't let me be lonely tonight

Do what you've gotta do

Go where you've gotta go

Follow your heart darling

But before you go

Do what you've gotta do...
