livin' without you by Patricia Paay
Livin' without you the heartaches come over
Livin' without you I'm loosin' my mind
'cos All that's left is our name in a tree
A part of a dream you stole from me

Lovin' without you the snow is falling
Lovin' without you the winter has come
You used to play the funny clown
You cheered me up when I was down

Do it, what you wanna do
Life seems so easy when you
Do it, what you wanna do
And now I realize it's over - it's over

Livin' without you you said you were leaving
Livin' without you you left me alone
You always were my very best friend
You know first love always comes to an end
