Who's that lady with my man?  
Who can she be?  
Oh, with my man  
What's she doing with my man?  
What can he see?  
Oh, my man  
He wouldn't, she couldn't  
He wouldn't, she shouldn't  
Why should he do this to me?  
I hate him for lying  
I hate her for trying to steal my man from me  
Don't do it, don't do it, don't take this other lover  
How could you, how could you, how could you love  
another?  
Don't do it, don't do it  
I love you, I love you  
Tonight, we'll be fine  
I'll be yours, you'll be mine tonight  
Oh tonight  
I'll be your lover, oh tonight  
What's the matter with my man?  
What can it be?  
Oh with my man  
I've done everything I can  
What's wrong with me?  
Oh, my man  
He wouldn't, she couldn't  
He wouldn't, she shouldn't  
Why should he do this to me?  
I hate him for lying  
I hate her for trying to steal my man from me  
Don't do it, don't do it, don't take this other lover  
How could you, how could you, how could you love  
another?  
Don't do it, don't do it  
I love you, I love you  
Tonight, we'll be fine  
I'll be yours, you'll be mine tonight  
Oh tonight  
I'll be your lover, oh tonight
