These eyes are stationary and fixed
on scenes that carry
and my chest is feeling out of breath
cause i havnt missed you yet

this is where i was swept away
and i, was captivated
and we could fall from grace

i am wandering around this hall
and wondering if she noticed at all
we are blessed with few chances
to see what we all want
to be who we were once

have you ever seen the way she lights up a room
i'm here to say that's something that i couldn't do
we all look fine with our brilliant minds
but we've lost everything that we could find
