They were young  
Living for the moment  
Hearts on fire  
Burning in the night  
Hopeless love  
Driving them together  
I don't know why

Vicious words  
Cut them like a razor  
Filthy lies  
Tearing them apart  
So they run  
Clinging to each other  
Can't get too far

So wrong, so wrong  
How could they be  
So wrong, so wrong  
How could love be so wrong  
I don't know why

Late at night  
Tryin for the border  
Through the police rendezvous  
Warning shots  
Flyin all around  
What can they do

So wrong, so wrong  
How could they be  
So wrong, so wrong  
How could love be so wrong  
I don't know why
