In the eyes a sad illusion  
I see tears and pain  
Love is blind and it's confusing  
There's no sign, there's no brain  
All I want is you beside me  
To face tomorrow again  
But drowning in this empty silence  
I hear you calling my name  
Love so deep  
Oh killing me tonight  
Oh you know I'm locked inside  
Love so deep  
You can take my life  
I know you have left to hide  
Love so deep  
On this lonely, lonely, lonely night  
On the world exists shadows  
You are gone I know for real  
People talking seems like lying  
Only you is so true to me  
And drowning in this empty silence  
I know you make me complete  
Love so deep  
Oh killing me tonight  
Oh you know I'm locked inside  
Love so deep  
You can take my life  
I know you have left to hide  
Love so deep  
On this lonely, lonely, lonely night  
Love so deep  
But drowning in this empty silence  
I hear you calling my name  
Love so deep  
Oh killing me tonight  
Oh you know I'm locked inside  
Love so deep  
You can take my life  
I know you have left to hide  
Love so deep  
On this lonely, lonely, lonely night  
Love so deep

On this lonely, lonely, lonely night  
Love so deep  
Oh killing me tonight  
Love so deep  
You know you can take my life  
Love so deep  
Love so deep  
You know you can take my life  
Love so deep
