When my daddy lived here, I never worried  
When my daddy lived here, he read me stories  
And I never was afraid when the endings were scary  
'Cause my daddy would say, "I will keep you safe  
When the wolf comes to the house"  
Now my mother has a boyfriend, she let him move in  
She let him tell her she's just a fool  
And I've heard them fighting, I heard him knock her  
down  
And I try to read at night, but I don't like it now  
'Cause when the wolf lives in your house, you can't get  
him out  
When the wolf lives in your house, you can't get him out  
When my mother tells me we are a family  
But I don't want to be, I have a plan  
Yes, I am waiting for the day when I am stronger  
And I will step in the way, I'll make him sorry  
When the wolf lives in your house, you can't get him out  
When the wolf lives in your house, you can't get him out  
I will get him out.
