Written by: Patti Scialfa

They say there's a light
Through darkness shines
If two hands protect that light
Against the change of time
You can have your gold and silver
Build your kingdoms high
But it's just once of those things baby
That money can't buy
So I don't care where we go baby
I don't care what we do
As long as I can be with you

Now I've been lost
And I've been found
Been lifted up to the gates of heaven
And put back down
I've walked in chains baby
And I've walked free
But I never walk the way that I do
When you walk with me
So I don't care where we go baby
I don't care what we do
As long as I can be with you

Well maybe I'm just a foolish girl
'Cause I always thought the right kiss
Could wash away some sins of the world
Wash away those sins baby and go walkin' free
'Cause that's just how I feel darlin'
When you walk with me
So I don't care where we go baby
I don't care what we do
As long as I can be with you
As long as I can be with you
