So, you want to be a Rock 'n Roll star  
Well, listen now to what I say  
Get yourself an electric guitar  
And take some time and learn how to play

And when you hair's combed right  
And your pants are tight  
It's gonna be all right

With this time that you go downtown  
To the agent man, he won't let you down  
Sell your soul to the company  
They're all waiting there to sell plastic wares

And in a week or two  
If you break the charts  
The girls will tear you apart

What you pay for all these riches and fame  
Well, it's all a vicious game, you're a little insane  
What you get is the public acclaim  
Don't forget who you are, you're a Rock 'n Roll star

Hey you, come here, get up  
Ah, this is the era where everybody creates  
Recognize my face? They call me, 'Broken Glass'  
That's because of his sound that I got  
[Incomprehensible]

What you pay for all these riches and fame  
Well, it's all a vicious game, you're a little insane  
Well, you're a little insane oh, a little insane  
'Cause the thing that you gain is the public acclaim

Don't forget who you are, don't forget who you are  
Don't forget who you are, you're a Rock 'n Roll star
