(THE Cherry EP.)
Could've, inable
I will take the fall
Could've, [...]
I will play ball
Hiding inner hope
I am secret oath
I get black and cold
I won't play ball
Peace in a world free from religion
Peace in a world where everyone gets heaven
Peace in a world free from religion
Peace in a world where everyone gets heaven
I'd like to say, to say that I'd survive
I'd like to [...], to say that I'd survive
Peace in a world free from religion
Peace in a world where everyone get heaven
Peace in a world free from religion
Peace in a world where everyone gets heaven
Just try not to die like a dog
End up alone, freezing from the smog
I'm just trying not to die in vain
Then leave my mark, stake my claim
Peace in a world free from religion
Peace in a world where everyone gets heaven
Peace in a world free from religion
Peace in a world where everyone gets heaven
Peace in a world free from religion
Peace in a world where everyone gets heaven
Peace in a world, Peace in a world, Peace in a world
Free from religion
Listen to my eyes clean
In colorful confessions
I remember mutual aggression
Is all in the body's lips
