You think of no-one but yourself
You see the rest of us as fools
He said
Don't feel guilty
Don't go crazy
Don't get paranoid with me
You play the prophet like a man
Makes no sense in the overall master plan
She said
Don't feel guilty
Don't go crazy
Don't get paranoid with me
The arrogance ...
... microphone
... know ...
As the fear starts to grow inside
See what it's like to feel alive
Nothing is right you thought it was
You know the cause what he had
My friend is lost, drifting away
And I feel I could play another day
Like I [go] my friends like I [go]
It doesn't matter what I say
You can push your [luck] ...
Don't go crazy
Don't feel--
Don't get--
...
Take you down with the sound ...
Know that the time has passed
You climb into another rhyme designed too fast
...
It doesn't matter how ...
Now you find out you were younger then
Looking back don't have to pretend
That it was you who was not
That's what you got
Nostalgic ...
That's right Jack
The arrogance ... flapjack
...

Come along too strong
Ah-hah, but you know ...
And now you realize all the lies, wise up
'Cause my eyes can see the truth, reality
Ten little girls come out to play
They didn't stand a chance they got blown away (say it
isn't so)
Ten little boys come out to play
They didn't stand a chance they got blown away (say it
isn't so)
Nine little girls got blown away (no, no, no, no)
They didn't even have their own place to stay (say it
isn't so)
Nine little boys got blown away (no, no, no, no)
They didn't even have their own place to stay (say it
isn't so)
...arrogance...
The arrogance
