Verse 1

So Long I've waited
For you to come to me
Anticipated what I would say
And no one could know
How it feels to be
In your embrace again
So tender
Yes, there were times
I could not hold on
Each day that came
A little more hope was gone
I'd look into my heart
To see what I had done
And now I can't believe
The day is finally come

Chorus

I am walking
Over the bridge of spies today
Freedom is only one more step away
You only have to hold me
Take me to you

Verse 2

Now the things we wanted
They're so far away it seems
And your love is a distant thing
That I kept deep inside of me
Now if I could show you
Where I lived in my fantasy
On the continent of dreams
You'd be with me

I don't know if I could go through it all again
For what's the point if you are never free to say
This is what I believe
This is a part of me
No hero, no regrets
But only meant to be

Chorus

I am walking
Over the bridge of spies today
Freedom is only one step away
You only have to hold me

I am walking
Over the bridge of spies today
Freedom is only one step away
You only have to hold me
