Let me hear love's refrain
Now you're here, will you leave again?
Oh, tell me this won't be just a past advance
When I say
Come to me, run to me
Please don't let me down
Lead me to the sea of ecstasy
Don't let me drown
I'm gonna take the living word in all I heard
Oh baby, you promised me the world
But if you never say it just one more time
You know I won't mind
Because you made me the promise
Hold me now, oh so tenderly
A-won't you please be the most
Any love can be?
When I say
I want to believe you
Don't tell me lies
I know I can't afford the risk I take
I can't live life without mistake
But don't deny
I'm wanna take the living word in all I heard
Oh baby, you promised me the world
But if you never say it just one more time

You know I won't mind
Because you made me the promise
The promise of love
Don't tear it all apart, woah, no, no
It's all we may have to believe in from the start
It's the promise of love that we hold in our hearts
When I say
Come to me, run to me
Make me the promise
I'm wanna take the living word in all I heard
Oh baby, you promised me the world
But if you never say it just one more time
You know I won't mind
Because you made me the promise of love
I want your love

Make me the promise of love
You gave your love
Make me the promise of love
I need your love
Make me the promise of love
You gave your love
Make me the promise of love
I want your love
Make me the promise of love
You gave your love
Make me the promise of love
