Can't Live Without You

When a wall surroundsÂ... you always make a way  
When the ocean drownsÂ... you come walking on the waves

When a kid can scream on the bedroom floor  
and you've picked me up a hundred times before  
you hold me and love me just the same  
just the same

CHORUS

And I can't live without you  
I'd sooner die than try to  
I cannot live without youÂ...  
you're all I need  
and I can't live without you

When I'm far from homeÂ... I hear you call my name  
And you wrap your arms around me  
And you wrap your arms around me like a willow in the rain

When it all comes down on solid ground  
And the winds may blow but I'm safe and sound  
and you whisper- it's gonna be ok  
It's gonna be ok

REPEAT CHORUS

not ashamed to be helpless hiding at the feet of the  
lamb who died  
and made a way where there was no way  
don't care if they call me crazy I need you like the air  
I'm breathing  
so wherever you are I never will be far away

REPEAT CHORUS
