"Come To Jesus"

This is for the weary and the weak
This is for the broken and ashamed
This is for the hopeless
Hiding in the shadows
Cupping hands around a flicker of faith
This is for the ones who don't belong
This is for the silent castaways
This is for the sinner
Peeking through the strained glass
From a sidewalk in the cold, driving rain

We all fall down
We all need saving
Once in a while
You are not along
We all lose faith
And lean on mercy
But through our darkest night
He said He'd wait for us
Just come to Jesus

For anyone who's given up on God
For those who've tripped and fallen out of grace
For anyone who's looking to bottom of a bottle
For the strength to make it through another day

We all fall down
We all need saving
Once in awhile
You are not alone
We all lose faith
And lean on mercy
But through our darkest night
He said He'd wait for us
Just come to Jesus

He did not come to raise the living
Or touch the eyes of those who see
It was for the bitter and burned out
It was for the unforgivable
It was for the failure

Standing on the bridge
Cause the guilt's too high a price to pay to live

We all fall down
We all need saving
Once in awhile
You are not alone
We all lose faith
And lean on mercy
But through our darkest night
He said He'd wait for us
Just come to Jesus
