Have you any idea how beautiful you are?
That in a million years I could not love you more
Like the sun can only shine so bright in the auburn sky
And you will never be abandoned
I will never leave you stranded
I would die to find a way to reach you!

There is no ocean deep enough
No mountain high or steep enough
To keep me away- keep me away from you
There is no highway long enough
No river wide or strong enough
To keep me away- keep me away from you

when are you going to believe like I believe in you?
If love is a lie then there is no truth
so I'll hang it all on the wire and follow you anywhere
and you don't have to be lonely
or look very hard to find me
I'll be walking on your stormy sea

I know your feeling lost sometimes
I know you're losing sleep at night
and faith is hard to find
and prayers are crashing to the floor
and you wonder what you're praying for!
