Are you thirsty  
Standing in the rain  
Not sure where you are  
Or how you lost your way  
Are you drowning  
In some bar outside of town  
Searching for something given, not found  
A crowd of people and totally alone  
At the front door  
But worlds away from home  
Light up the night's last regret  
Burn your only safety net  
Step to the edge  
It's such a long way down

(CHORUS)

I left the ninety-nine to find the one  
And you're the one  
I've walked 1000 miles in this desert sun  
Only to bring you back

Are you tired of chasing the wind  
Underwater, do you aspire to breathe again  
Are you dying  
Is that the best that you can do  
'Cause you can't find your place  
in a world that wasn't meant for you

CHORUS

Hello it's me  
I couldn't sleep  
I was just counting sheep and missing you  
(2x)

CHORUS
