Baby, the world has
Been good to you and me
And in order to be happy
Thank every star for
How lucky we are
Over and over

Looking at you by my side
I'm walking real tall and
I'm beaming with pride
Knocking on wood cause
I'm feeling real good
Cause I'm swimming in clover

Love, knock at my door
I said, come on in
That's what I'm for
I said, sit yourself down
And make yourself comfy
Stay awhile

Love came right this way
To color my world
And brighten my day
I had a hunch right from the start
We might play while

Happy to share what we share
Happy to know you
Will always be there
Happy to feel something
Honest and real
And I hope it's forever

Looking at you by my side
I'm walking real tall and
I'm beaming with pride
Knocking on wood cause
I'm feeling real good
Cause I'm swimming in clover

La la la la...
