(Chorus)

I really miss you, will forever more.  
Let me say the things I used to say before.  
Always on my mind, I tell myself that Iâ€™m only wasting  
time away  
From you, itâ€™s true.

(Verse)

I need to kiss you, not here at the guard  
Cause I still feel the things I used to feel before.  
Thereâ€™s no wrong or right, thereâ€™s only after night,  
If you turn off the light, Iâ€™ll know which way to go with  
you.

I was a fool to try to break on love  
I was a fool, too blind to see.  
No, I wonâ€™t make the same mistake, my love,  
If you come back to me.

(Chorus)

I really miss you, will forever more.  
Let me say the things I used to say before.  
Holding you like this, the memories with each kiss,  
Tell me why I miss you so.  
I canâ€™t let go of you,  
I canâ€™t let go of you.

(Verse)

I wonâ€™t make the same mistake, my love  
If you come back to me.

(Chorus)

I really miss you, I will forever more.  
I still feel the things I used to feel before.  
The longer we both wait we turn the hands of faith  
One day may be too late  
And so, we both must know what we must do.  
Do you miss me to?  
Canâ€™t get over you.  
Please donâ€™t say weâ€™re through,  
Iâ€™m still in love with you.
