"Love Land"

Visit "[Love Land](#)" on MotoLyrics.com

I'm gonna find me a plot of ground
That nobody else has ever found
In the middle of the desert or the deep blue sea
It doesn't make any difference to me
It'll be my newfound home
A country all of its own
It'll even go down in history

CHORUS:

Oh oh oh
I'll build a Love Land for you & me
A Love Land for the world to see
No strings attached, no normalities
No cost in money, you can get it free
So pack your heart & hurry up
& see what I'm talkin' about
You'd better hurry up & get here soon
Before I'm all sold out

A true true love & honesty
That's gonna be my policy
We'll be members of the United Nations
Oh what we'll do to foreign relations
Everybody's gonna say
"Hip hip hip hooray
For Lovey-Lovey-Love, Love Land, USA!"

(chorus)

You'd better hurry up & get here soon
Before I'm all sold out
