(Midnight lovers)

Midnight (midnight)
Is for lovers (lovers)
So they can spoon
Beneath the moon
The silvery moon up high

(Midnight lovers)

Midnight (midnight)
We'll be together (together)
At lover's lane
We'll kiss again
And then again
At midnight (midnight)

You hold my hand
And you drive me insane
You're burning up my heart
And then you tickle my brain

Your eyes are blue
Your lips are red
One more kiss and
I'll go out of my head

Midnight (midnight)
When all is quiet (quiet)
We'll make a stop
In my jalop, ooh ooh
We'll make love

(Midnight lovers)

The old hootie owl
Way up in a tree
Is taking a peek
At you and me

I don't care
What it can see

One more kiss and
I'm in ecstasy

Midnight (midnight)
When all is quiet (quiet)
We'll make a stop
In my jalop, ooh ooh
We'll make love

Midnight (midnight)
Oh, it's for lovers (lovers)
Oh, that midnight (midnight)
Oh, just for lovers (lovers)

At midnight (midnight)
I'm telling you
It's gonna love you
