Hey pretty baby with the high heels on
You give me fever like I've never known, yes
You're just a product of loneliness
I like the groove in your walk, your talk, your dress
I feel your fever from miles around
I'll pick you up we'll paint the town
Because you kiss me baby and tell me twice
That you're the one for me

The way you make me feel
You're really turning me on
You knock me off of my feet
My lonely days are gone

I like the feeling you're giving me
Hold me baby I'm in ecstasy
And I'll be working from nine to five
To buy you things to keep you by my side
And I never felt so in love before
Promise me baby you'll love me for evermore
I swear I'm keeping you satisfied
Cause you're the one for me

The way you make me feel
You're really turning me on
You knock me off of my feet
My lonely days are gone
Gone, gone

I said oh, you make me feel good
Yes, you kiss me baby
I feel your fever
Whoa baby you make me feel so good
Hey baby, just like I knew you could
Pretty baby, the way I knew you would
You make me feel so good
You make me feel so good
Pretty baby
You're really turning me on
