When my daddy lived here, I never worried
When my daddy lived here, he read me stories
And I never was afraid when the endings were scary
'Cause my daddy would say, "I will keep you safe
When the wolf comes to the house"
Now my mother has a boyfriend, she let him move in
She let him tell her she's just a fool
And I've heard them fighting, I heard him knock her
down
And I try to read at night, but I don't like it now
'Cause when the wolf lives in your house, you can't get
him out
When the wolf lives in your house, you can't get him out
When my mother tells me we are a family
But I don't want to be, I have a plan
Yes, I am waiting for the day when I am stronger
And I will step in the way, I'll make him sorry
When the wolf lives in your house, you can't get him out
When the wolf lives in your house, you can't get him out
I will get him out.
