This rhythm gets too hot to handle
Like news that's too good to be true
You want to get in on the action
And make believe it came from you
And then you start to lift the tempo
Cos who's got time to hang around?
But in the noise and the confusion
You're losing contact with the sound

Of the airwaves...
Check the message on the airwaves
All you need is on the airwaves
Don't let it slip away.

A lover slips into your orbit
To show an easier way through
But like a fool you think her mission
Is to supply the missing parts of you
And then you find she can't deliver
Your world is turning upside down
And in the noise and the confusion
You're losing contact with the sound

Of the airwaves...
Check the message on the airwaves
All you need is on the airwaves
Don't let it slip away.
Time will come
When you and I will be as one
Reaching out
To touch the heart in everyone
