

Paul Brady "Follow On"

Visit "[Follow On](#)" on MotoLyrics.com

Shutters on the windows, chains upon the door
Sleepless nights spent waiting for an answer
Dreams of heaven falling, panic in the town
Lonely men with fingers on the future...

When all is said and done
You are the only one

Follow on
For the open road is waiting,
Like the song,
We will welcome what tomorrow has to bring
Be it fair or stormy weather
Take my hand
And we'll walk the road together
I won't mind
If it turns out that we never find the end
For all I ask is that you want me as a friend

Days of beauty calling, vanish through a haze
Lost inside some spiral with no ending
Still you bring me loving, free me with a touch
Lead me out to greet the calm descending

When all is said and done
You are the only one

Repeat chorus
