Where were you at 5 am, waking up to catch a dream  
In the dark, in the cold, cracking up the car heat  
Where were you when those warm winds blew  
Across that prairie sky  
Stick on the pond, blades digging in the ice

I was there, I was scoring on the wrap around  
I was there, I was knocking you to the ground  
I was your get back up, gotta give er gotta get it er  
done  
I was a locker room prayer  
When you couldn't find the words, I was in your heart  
Ya all over the world that's were hockey starts  
You show up, game on like a breath on the winter air  
I was there

Where were you when all those drive way dreams  
started coming true  
People all around the world are watching from there  
living rooms  
Where were you at center ice, game time goal on your  
mine  
Ya a moment like that with everything on the line

I was there, I was blocking that slap shot down

I was there, I was knocking you to the ground  
I was your get back up, gotta give er gotta get er done  
I was a locker room prayer  
When you couldn't find the words, I was in your heart  
Ya all over the world that's were hockey starts  
You show up, game on like a breath on the winter air  
I was there

With pride, and community  
I was there at the rink and I'll always be  
So drop the puck boys and let them play  
This is our time, this is our game

I was there when there was nobody else around  
I was there I was that voice out in the croud

Shouting out, get back up, gotta give er gotta get er  
done  
I was a locker room prayer  
When you couldn't find the words, I was in your heart  
Ya all over the world that's were hockey starts  
You show up, game on like a breath on the winter air  
I was there
