Beached by the same tide when we met
Caught in a storm when we came together
I never needed someone
Like I needed you back then
I swear I believed it
I never lied to you
When I said what I said

But I think you know
It's the end of the story
You been... crying in your sleep
(Crying in your sleep)
Time is the judge
And tears are the jury
We got to make that bitter leap

Love made a promise
Love made a promise
Time couldn't keep

We run from the truth
But we end up nowhere
And everyone knows
You can't run forever
Seems that just wanting something
Don't mean it's going to be
We played by the rules
But time's made liars
Out of you and me, yeah!

But I think you know
It's the end of the story
You been... crying in your sleep
(Crying in your sleep)
Time is the judge
And tears are the jury
We got to make that bitter leap

Love made a promise
Love made a promise
Time couldn't keep

So we find another way
To get through another night
And we spend the whole night dreaming
Another day we'll find a way
To make it all right
To make it all right

Time is the judge
Tears are the jury
We got to take that bitter leap

Love made a promise
Love made a promise
Time couldn't keep
Time couldn't keep

Can't say we didn't try
Can't say we didn't try
