"The Longest Way"

I'd love to take my time
I'd let myself unwind
Cause sometimes it feels
These wheels keep spinning at the speed of sound

I'd take the scenic route
Ain't that what life's about
I would stop and smell
Each and every single rose I found

I'm so tired of saying someday that we'll do it
Grab the keys get in the car and let's get to it

Let's head north or east or west or south
Just as long as we go now
Let's let these headlights slice the night away
Till the sun comes out
If all the fun's in getting there
Then baby I have got a plan
Let's hit the road
C'mon let's go
Let's take the longest way we can

My heart's restless but it's true
When it comes to loving you
And that ain't never gonna change
No matter where we are

This old world keeps laughing like it's got us
Don't know why we ever let it stop us

Let's head north or east or west or south
Just as long as we go now
Let's let these headlights slice the night away
Till the sun comes out
If all the fun's in getting there
Then baby I have got a plan
Let's hit the road
C'mon let's go
Let's take the longest way we can

Let's head north or east or west or south
North or east or west or south
Just as long as we go now
Let's let these headlights slice the night away
Till the sun comes out
If all the fun's in getting there
Then baby I have got a plan
Let's hit the road
C'mon let's go
Let's take the longest way we can

The longest way
Hey
The longest way
Hey
The longest way
