Tell you I don't understand it' he said  
'What are you hoping to gain?  
Rocking this boat and you'll end up capsizing  
Throwing it all down the drain  
Said to quit chasing the end of the rainbow  
Told me we'd find nothing there  
But you and I know, girl, there's something else out  
there.

So come on with me, off on a journey  
Far away out on the sea  
Sailing away as the dawn tide is turning  
Soon you and I will be free  
Wo-oh darling I know there is danger  
On the road to the promised land  
But, oh, the beauty we'll find.

Lying here watching the world from a window  
Seeing it passing us by  
Knowing we're fooling ourselves when we think  
We'll be happy up here till we die  
Getting so good at inventing excuses  
Hiding the feeling inside  
But it's growing so strong, I can't wait any longer.

So come on etc repeat

Some getting by, by keeping their eyes closed  
Some are too blind they can't see  
Others live hiding behind stained glass windows  
But that never helped you or me  
Wasting the years stumbling round in the shadows  
With no one to light up the way  
But now we're together, we'll guide one another, so.

come on with me, off on a journey  
Far away out on the sea  
Sailing away as the dawn tide is turning  
To a place where we both will be free  
Oh darling I know there is danger  
On the road to the promised land

Oh leaving our heartaches behind  
Oh darling the beauty we'll find

When we rise up in the morning  
Sailing out on the ocean  
Just you and me babe  
When we lie down in the evening  
Oh, the beauty we'll find
