In the shadow of a lightning storm
Black girl make a heart-move
Strong love come a rising high
Warm love and she whisper out
She trust in you
"You know that I trust in you"

He come out on an instinct curve
Strumming up through the backbone
Blood curdle out a blue-gene roar
Body rule and she whisper out
She trust in you
"You know that I trust in you"

(And she say),
Give me a sign
Show me you love me
Show me it's true
That you're thinking of me
Open your door,
Take me inside you
How do I score?
How do I find you?

Find you find you?

Rain clatter on a window pane
Make a love-shape easy,
Salt tang on a scented skin,
Heat come and she whisper out
She trust in you
"You know that I trust in you"

Boy jump to the backbone dance,
Black girl make a heart-move,
Long day till the two roads meet,
Sun rise, still she whisper out
She trust in you
"You know that I trust in you"

(And she say),
Give me a sign

Show me you love me
Show me it's true
That you're thinking of me
Open your door,
Take me inside you
How do I score?
How do I find you?

Find you, find you?
How do I find you
