part 1)

Welcome my friends to the banquet table
All of my friends please gather round

So I took a look around to see who he invited here
tonight
And I noticed she was one of those who sold her body
to the night
And I saw the banquet host rise and hold this woman
close
And I felt my anger burn how was she invited here
tonight?

Notice me here (notice me here) at the banquet table
In my rightful place (in my rightful place)
This is my time (here I am)

And I saw a little man climbing on his chair so he was
heard
And I noticed he was one who'd rob you blind for all
that you were worth
And I saw the banquet host rise and fill his empty glass
Is there a single shred of justice at this table here
tonight?

(part 3)

Welcome to the banquet table
All my friends, won't you please gather 'round
You've been invited to the banqueting table

So look around (repeat)

Welcome to the banquet table
All my friends, won't you please gather 'round
He said you're welcome at my banquet table
You're my friends if you've got love inside you're heart

No one's righteous no one's better
So take a look inside
Take a look inside
I took a look inside

And suddenly I felt my eyes pouring tears on me of
liberty
And I realized I was one who needed love and setting
free
My brother here my sister there
And the banquet host his empty chair
Forgiveness came and sweet relief
And then I saw why he invited me tonight

Please forgive me
Please forgive me
