This is forever
Always together
This ain't no part-time love affair

Autumn leaves
Are falling, falling
Sudden change in color scheme
Then winter comes
Calling, Calling
Freezing every part of me
And that is the way we are,
We move in the seasons
Something never changes

This is forever, always together
This ain't no part-time love affair
This is forever, always together
And I will be falling in love over and over again

Springtime's here
We're growing, growing,
Drinking honey with the bumblebees
Then summer's here
Falling over my shoulder,
Warming every part of me
And that is the way we are
We move with the seasons
Something never changes

This is forever, always together
This ain't no part-time love affair
This is forever, always together
And I will be falling in love over and over again

Over and over and over and over
Over and over and over and over again

And that is the way we are
We move with the seasons
Something never changes

This is forever, always together

This ain't no part-time love affair
This is forever, always together
And I will be falling in love over and over again

This is forever, always together
This ain't no part-time love affair
This is forever, always together
And I will be falling in love over and over again

Over and over and over and over
Over and over and over and over
Over and over and over and over again
