CITY OF GOLD

Music and lyrics by Mike Hudson

Now's the time to lay me down
Come to rest on hallowed ground
Sleeping here without a sound tonight

Tomorrow comes I meet the sun
Don't look back, I'm on the run
I have no claims, I've left no-one behind

Searching for a key
Unlock these gates so old
Searching for a City of Gold
City of Gold

Here I stand in open field
Between my dreams and what is real
Destiny is near, I feel, tonight

Take as step toward the west
The setting sun, the final test
Tomorrow I will take the rest alive

City of Gold
Streets of silk
Rivers that flow with mother's milk
City of Gold
The wildest dream
The summer heat
Suggestive scenes
No sea of wine
No diamond skies
Then you begin to realize
A place like this could only exist
Could only exist inside your mind
In your mind...etc.

City of Gold...etc.
