"Lemon Drop"

I open my eyes I see her standing
Like a silhouette in the dark
She brightens the summer sun
There's something 'bout the way she walks
I try to get closer to her
Just to see if I'm dreaming or if it's real
It's hard to explain this feeling
I got to go with what I feel

Makes me feel like a kid in a candy shop
She's all I want to taste, yeah, she's my lemon drop
Her eyes sparkle like the fizz in a soda pop
I guess you know why it is that she's my lemon drop

She shines her love all around me
And lights the way so I can see through the shade
I feel her warmth that completely surrounds me
No need for words cos I know I've got it made
She talks like an angel fell from heaven
Here to save me from myself
Her voice is a pure confection
Sweet as sugar, soft as baby's breath

Her kiss is bittersweet
It'll make your heartbeat stop
Cos the flavor lasts all day just like a lemon drop
