[J] Well look we need to talk, cause..

[C] \*chk\* Ahh boy

[J] {\*laughs\*}

[C] Yo, listen, check this out

[Cormega]

Yo, last night I had a dream it had me open like a fiend  
and all I remember is me, you, the moon and ocean  
breeze

My heartbeat increased like I seen approachin D's

I relapsed cause of these words you spoke to me

You said you wanna feel me - inside you - conceal me

I belong to you no other woman could steal me

We mentally attached, essential in fact

What you give is so real you know I had to give it back

How I feel don't even matter if I ain't expressin  
(affection)

My mind was affected you healed me (we destined)

Your beauty so addictive, I can't deny your presence

So pure I gotta add cut to spread you on

You're all I need in this world to succeed

I won't let you go cause I can see you trust me

I'll never leave or deceive you, and if it's understood

then we can be together cause you treat a nigga good

[Chorus: Jonell]

All I need is you - in my life, to be down with me..  
All I need is you - to hold me, and to make me see..  
All I need is you - to be there, in my time of need..  
All I need is you - I'll be there, when you need me to be..

[Cormega]

When I was runnin the street I know you wanted to  
leave  
Especially the time, you found a nine in my jeans  
But you persevered, gave work and tears  
That's why I'll never desert you or hurt you yeah  
I used to keep feelings concealed, now I reveal 'em  
I was hustlin to get right, now we chillin  
Oh my man starin at ceiling thinkin of children  
and any other situation we might deal with  
At first, I was hesitatin, makin a commitment  
Now I see you different - so many ways  
I need a queen like a king did in great Egyptian days  
And it seems you've been afraid I might get into things  
that might put me away for years, save your fears  
Listen ma, let's get one thing clear  
I'll never leave you, deceive you, and if it's understood  
We can be together cause you treat a nigga good

[Chorus]

[Cormega]

Yo, I'm not the type to have a next chick call on your  
phone  
Come see you at night and in the morning you alone  
I keep it real with you, like my connect you got it good  
I need to deal with you, have yet to leave the hood  
but I'm still with you everytime you need me I'm there  
for you  
If I didn't care for you why would I be here for you?  
You 'pear loyal, got the kid spoiled  
On the low I don't think I was prepared for you  
You cook good, look good, Boo I adore you  
And if you get me mad we won't fight I'll ignore you  
(yeah right)  
Just playin, but yo I'm just sayin  
I'm about to go, cause Hi-Tek waitin  
Yo son that beat ready?

{\*beat changes\*}

And guns is rusty  
I'm stingy with trust, you only get once to fuck me  
The pure white endorser, skills real like a Porsche  
For the cash I'm there like a stalker, uhh  
You say the same shit

I play the game with skills like Latrell, and write so well  
And I gotta go to heaven cause my life is hell  
If I quit rap, this cook white gon' sell  
You niggaz got fat while I did time in jail  
Now it's time to pay, the rhymes you say  
sound a lot like mine, but not quite as ill  
as my rhymin skill, I could relate to how Tyson feel  
My life is real, you're the fragment  
of somebody else life, or shit you imagined  
It's like the beat make me react savage.. {\*words fade  
out\*}
