I see that chapter in your eyes
It will tear us apart
Something I don't understand
has taken hold of you and made you less than a man
Now here is ...
that was filled with you
Such a ... answer
... will be my ...
Time is ... around you
Time walk ...
Only if you ...
I'd be in love with you
If only it was ...
I would throw my arms out
You call me ... on the phone
You had watched me die
With the secrets you had told
It's the end of us
Cry it's ...
it's only time ...
If only you knew
I've been ... [blue]
When you come to [care]
I would throw my arms out
Time is ... you
... everything I do
If only you knew
I've been ... [blue]
When you come to [care]
I will throw my arms out
If only you knew
I'd been ... [blue]
If only you cared
I would throw my arms out
