It's nice to know, nice to know
Exactly where you're going
It's nice to know, nice to know
Exactly where you're going

I'm sorry for these bitter words
But I'm in no mood to pretend
Why should I bother with you
When you're not a very good friend

I would toss her for thinking
It was anything more than it was
But you're the new face, you're the new face
Think you're above God

And beyond reach
Beyond reach
Beyond reach
Beyond reach

It's nice to know, nice to know
Exactly where you're going

Never pick a fight
With someone bigger than you
That's what I learned
When I was at school

And it doesn't really matter
How clever you think you are
Those years, they leave
All kinds of scars

It's nice to know, nice to know
Exactly where you're going
It's nice to know, nice to know
Exactly where you're going

Carry on as you always have
And you get your just reward
He may not be what you've expected
But there's nothing you can't afford

Oh, I'm the joker for thinking
That it could get much worse than this
But you're the loser, yes you're the loser
You think you're above God

And beyond reach
Beyond reach
Beyond reach
Beyond reach
