Coming up roses, now I'm flying high
No one could touch me as I wave goodbye
I'm starting to willow, baby, started out willow
I'm sure not sorry for that

You wouldn't believe the stuff I know
Ain't have plenty

How about breathing out when I want
No one could help me when I'm in trouble
I'm strong as a nail, baby, strong as a nail
I sure I'm happy for that

Have you ever seen the things I own
[Incomprehensible]
[Incomprehensible]
[Incomprehensible]
And that's why I'm strong

A night is long when home is far away
(Coming up roses now, flying high)
A night is long when home is far away
(Coming up roses now)
Home is far away

I'm a homeless fiddle now, playing hard
I've learned my lesson in self composure
I'm shouting out below, baby, shouting out below
Can you hear me a-back

Can you feel the way I've grown
And disconnected

A night is long when home is far away
(Coming up roses now, flying high)
A night is long when home is far away
(Coming up roses now, flying high)

A mile is long when home is far away
(Night is long, day is long, night is long, day is long)
A night is long when home is far away
Home is far away

Night is long, day is long, night is long, day is long

I felt soaking to the sound
And I feel the self respect
Sinking freely in the back of your head

Feel the beat fall in
Did that despite me
Throw me off the scent
Feel the beat fall in

A beast of a carnivorous nature
A beast of a carnivorous nature
