Every day, there is some kind of darkness
That just won't go away, no matter how hard I try
It crawls into your system while your guard is down
Becomes a ball you like drag around to

Every party
To every function
To give to people with written instructions
Don't try to get away, I'm here to stay
My name is

(BV: Fate) [repeat 4]

Every night, sleep wanders on its own
Never once, does it kiss me, with its chloroform
Crawled into my system while my guard was down
Became the ball I like to have around at

Every party
At every function
I give it to people with written instructions
Don't try to get away, I'm here to stay
My name is your fate

(BV: Fate)

I've come to crush your bones (BV: Fate)
I've come to make you feel old (BV: Fate)
I've come to mess with your head (BV: Fate)
'Cause it'll make you feel good

I've come to make you feel good
I've come to make you feel good
I've come to make you feel good (BV: all right)
I've come to make you feel good (BV: all right)
I've come to make you feel good (BV: all right)
I've come to make you (BV: all right)

(BV: all right)

(BV: all right)

(BV: Fate) [repeat 9]
