I've forgotten how to write
And I'm giving up on speech
I can't remember how I look
Or the day of the week

Your love is a distant memory
Along with most of my family
I'd get on my knees but I'm not allowed
Even though I've forgotten how

I've forgotten how
I've forgotten how
I've forgotten how
I've forgotten how

I've forgotten how to walk
And I can't use my hands at all
I'd cross my heart and hope to die
But I'm heading for a fall

Just let me go for my sanity
Put me out of my misery
I'd get on my knees but I'm not allowed
Even though I've forgotten how

I've forgotten how
I've forgotten how
I've forgotten how
I've forgotten how
Decay, decay, decay, decay

Your love is a distant memory
Along with most of my family
I'd get on my knees but I'm not allowed
Even though I've forgotten how

I've forgotten how
I've forgotten how
I've forgotten how
I've forgotten how

Put me out of my misery

Let me go for my sanity
