Won't say no

He's got sugar on his lips
And he knows if there's sin, this is it
And he shows it, he just shows it

[Incomprehensible]
Show you the picture without the same degree

All he wants is
Blow by blow by blow accounts
Always searching for the new thing
Scratching the surface, getting nowhere

My place is [Incomprehensible] invaded by chance
Covered in glitter, shiny as gloss
Universe something sweet
Galaxy sweet

Won't say no, it won't say yes
Won't say no, it won't say yes

Crushing university, I am the queen
I've come to take the sweetness
Keeping down the [Incomprehensible]

You can never leave him
Leave him with something sweet
He can't see you

Won't say no, it won't say yes
Won't say no, it won't say yes

Won't say no
Everybody knows
It won't say yes
I've seen it with my eyes

Won't say no
Everybody knows
It won't say yes
I've seen it with my eyes
