If I'm careful
I won't hate you
When I'm gracious
You won't dare to

Play your little game
Play your little game
Play your little game
With my mind

When I'm truthful
I'm a loser
If I'm honest
You can bet I can fool you
Don't you know

I'm thinking very long
Thinking very hard
Oh no
Moving very slow
Moving very fast
Oh no

I'm thinking very long
Thinking very hard
Oh no
Moving very slow
Moving very fast
Oh no

When I'm useful
I can't wait to
Give a little pain
Give a little pain
Give a little pain
To your kind

Oh no
I'm thinking very long
Thinking very hard
Oh no
Moving very slow

Moving very fast
Oh no

I'm thinking very long
Thinking very hard
Oh no
Moving very slow
Moving very fast
Oh no

I'm thinking very big
Thinking very small
Thinking everything's
Gonna be alright

I'm thinking very small
Thinking very big
Thinking everything's
Gonna be as sweet as pie
Sweetest pie
Sweetest pie

Thinking very small
Thinking very big
Thinking very long
Thinking very hard

Thinking very small
Thinking very big
Moving very slow
Moving very fast
