It's been raining for 3 days but there aint a cloud in the sky
I've been wandering through this haze since you said goodbye
And I was standing on solid ground but I still took the fall
It's ok I'm feeling down it's good to feel at all

Chorus

Maybe tonight I'll go out and try to have a good time
Maybe tonight I'll finally forget that your alive
And when I get home and I'm all alone
Your memory wont be waiting on me
And I'll forget you I just might, maybe tonight

Guess I outta just leave you behind cuz I already know
I'll see something that brings you to mind and I just
can't let go
A thousand scenes from all days past fade into
unknown
And I'd just like to know how at last what he's got that I
don't

Chorus X2
