(Time)

(I gotta take some time)

(To find refuge)

(Refuge in your love)

I gotta take some time
To get through to you
I gotta let myself go
You've been on my mind
I've been in my room
I've been searching my soul

When I'm with you
All that I do
All that I am
I place in your hands
Give me wings
Let me fly
I need refuge tonight
And that's why I'm

Calling my ersonal angel
I need you now I can't help myself
Calling my personal angel
Gotta find refuge
Refuge in your love

Well, I'd run all night
Just to touch your face
It's beyond my control
When I lose my sight
I will walk by faith
I gotta let myself go

I can't conceal
Feelings I feel
Always the same
Keep falling like rain
Tumble down
Kiss the ground
You walk on
And that's why I'm

Calling my personal angel
I'm calling you angel
I'm running to you, oh
(Calling my personal angel)
Gotta find refuge

You are a shield around me
You hide me in the shadow of your wings
You restore me
You make my heart sing

I can't conceal
Feelings I feel
Always the same
Keep falling like rain
Tumble down
Kiss the ground
You walk on

Calling my personal angel
Shine on till I feel your love
Calling my personal angel
Refuge in your love
Calling my personal angel
I need you now, I can't help myself
Calling my personal angel
Refuge in your heart
